

MND Victoria Equipment Service

People with MND often require equipment more rapidly than can be offered by current State and Federal funding options. MND Victoria runs an Equipment Service to help keep people living with Motor Neurone Disease (MND) stay safe and mobile. Timely provision of equipment at no personal cost to the person with MND has been a mission of MND Vic for 40 years.

MND Victoria Health Professionals Information

People living with MND wishing to access the MND Victoria Equipment Service must:

- Be registered as a member of MND Victoria
- Be living at home in the community within Victoria
- Sign the MND Victoria ES Client Agreement outlining the terms and conditions of access to MND Vic Equipment Service.
- Have the equipment request placed by a relevant Allied Health Professional (AHP)

Equipment stocked by MND Victoria will be provided on a rental basis as a support to clients of MND Victoria who become NDIS participants. Provision of the equipment must be included in the client's/participant's NDIS plan in the Capital budget as 'Flexible Loan Bundle' and/or AT hire. MND Victoria claim the MND Flexible loan bundle costs directly through the NDIS Proda portal. MND Victoria is an NDIS registered provider.

Participants over 65 - all are eligible to receive equipment from the MND Vic Equipment Service regardless of HCP status or other funding sources. Services from the Equipment service are not means tested.

The Equipment Service is a "loan library" therefore customised or specialised items are not available. Therapists may need to seek alternate funding sources for some equipment via NDIS, SWEP, SWEP reissue, HCP funding or ECDS as appropriate.

All equipment is delivered by 3rd party agents – i.e. ALTER, PIP, Magic Mobility and Pegasus.
