

Historically people with MND often required equipment more rapidly than could be offered by past and present State and Federal funding options. The MND Victoria equipment service was established in 1981. MND Victoria runs an **Equipment Service** to help keep people living with Motor Neurone Disease (MND) safe and mobile. Timely provision of equipment has been a mission of MND Vic for 40 years.

People living with MND wishing to access the MND Victoria Equipment Service must:

- Be registered as a member of MND Victoria
- Be living at home in the community within Victoria
- Sign the MND Victoria ES Client Agreement outlining the terms and conditions of access to MND Victoria equipment.
- Have the equipment request placed by a relevant AHP.

Equipment stocked by MND Victoria will be provided on a rental basis as a support to clients of MND Victoria who become NDIS participants. Provision of the equipment must be included in the client's/participant's NDIS plan in the Capital budget as 'Flexible Loan Bundle'. MND Victoria claim the MND Flexible loan bundle costs directly through the NDIS Proda portal. MND Victoria is an NDIS registered provider.

Participants over 65 = all are eligible to receive equipment from the library regardless of HCP status or other funding sources. Eligibility for Equipment Service is not means tested.

Clients moving into a Commonwealth Government funded or privately funded Residential Aged Care Facility (RACF) may take some equipment they currently have with them with the exception of equipment required to be provided by a RACF under the Aged Care Act 1997 **see Part 3 section 3.1 - 3.6**.

Further information can be found also in the **Quality-of-Care Principles 2014**.

Requests for MND equipment that falls outside section 3.1 - 3.6 for people in RACF will be considered according to need and availability.

The Equipment Service is a loan library therefore customised or specialised items are not available. Therapists may need to seek alternate funding sources for some equipment through NDIS, SWEP, SWEP reissue, HCP funding or ECDS as required. All equipment is delivered by 3rd party agents – Alter, Magic Mobility and Pegasus.

AHP = Allied Health Professional

NR = Non retrievable equipment

HD = Heavy Duty

TIS = Tilt in space

EBL = Edge Barrier

P3 = Paediatric aperture (smaller hole)

ELR = Electric lift and recline

MWC = Manual wheelchair

PWC = Power wheelchair

ES = Equipment Service

NDIS – National Disability Insurance Scheme

SWEP – State-wide Equipment Program

ECDS – Electronic Communication Devices Scheme

HCP – Home Care Package

RACF - Residential Aged Care Facilities
