MND ADVANCED PRACTICE IMMERSION WORKSHOP

The MND Advanced Practice Immersion Workshop returns in 2026, featuring a new set of Masterclass topics for this year!

Learn from the experts and those with lived experience of MND at this special 'MND Exchange' event – a collaboration between **Calvary Health Care Bethlehem** and **MND Victoria**, facilitated by expert clinicians and MND specialists.

Designed for **allied health, nursing and care professionals**, this expert-led, hands-on immersive workshop equips participants with practical skills in highly relevant, often overlooked areas of MND care, including complex feeding, airway management, and dignity-focused personal care – critical for supporting people living with MND.

Strictly limited spots, so register NOW!

Thursday 30th April 2026
9:00AM – 4:30PM

\$295.00 PER PERSON

CALVARY HEALTH CARE BETHLEHEM;
